

WATERCOLOR: EXPAND YOUR HORIZONS
Workshop Instructor: Sterling Edwards, CWS

November 6-9, 2008

The St. Michaels Art League is pleased to present a workshop featuring new and exciting techniques for watercolor artists presented by Sterling Edwards, an exceptionally accomplished watercolor artist and workshop instructor.

Sterling is returning to St. Michaels to once again share his skill and knowledge as an artist and teacher. He is an inspiring instructor who conducts classes with a positive approach and a great sense of humor which puts everyone at ease. This year he will motivate us with new ideas and techniques presented through clear and simple demonstrations. Sterling provides a great deal of individual instruction and attention to each student during the course of the workshop.
